FINANCIAL NEED

Please give a brief explanation as to why you need a scholarship:

Please note, only one scholarship can be provided per family or Unit (Pack, Troop, Team, Crew)

The amount you are requesting from the Scholarship Fund is \$_____. Up to 50-percent of the course fee may be requested, though we anticipate providing no more than 33-percent to allow for assistance to more attendees. You will be informed of scholarship receipt before the registration deposit needs to be made. It is expected that scholarship recipients will pay for the course deposit, as required as part of the registration process, before Scholarship Funds will be utilized.

Have you checked with your unit, charter organization, or employer to see if they will help with your registration fee? The VFW and AFL-CIO both have scholarships available. More information about these scholarships can be found at www.scouting.org/media/relationships.

PAY IT FORWARD. Wood Badge scholarship funds are generated by donations from past Wood Badge participants, in conjunction with Council or other events. Proceeds from these events provide the funding for these scholarships. It is expected and appreciated if you would support the scholarship effort for future courses by attending and participating in these events.
