Cancellation Policy

The Cornhusker Council provides Council programs, High Adventure Camps and other Camping Experiences to the Scouts and Leaders in its area. These opportunities require Council staff to send deposits to the sponsoring camp, acquire needed supplies and produce mailings to campers and others so the Council sponsored experiences are rewarding and convenient for the Scouts and Leaders in our Council. Fees are usually paid in advance of the event and to ensure the Council can provide the best service to the Scouts the following refund policies will apply.

The \$75.00 per participant reservation fee is non-refundable - You will lose the \$75.00 non-refundable deposit for each participant deducted from your reservation.

30 Days or More before Day 1 of your Scheduled week – 100% of payments to date, less \$75 per person deposit, is refundable.

From 16-29 Days before Day 1 of your scheduled week – 50% of payments to date, less \$75 per person deposit, is refundable.

Less than 15 Days before Day 1 of your scheduled week – no refund is available unless there has been a medical emergency. If the registered participant has an illness preventing participation in the event they will need a signed statement from a Medical Doctor or Health Practitioner.

Cancellation Policy (Continued)

All requests for refunds must be in writing to the Scout Executive and mailed to the Cornhusker Council, BSA, 600 S 120th St, P.O. Box 269, Walton, NE 68461-0269. The postmark determines the date of a request for refunds.

*In the event of the death of an immediate family member (parent, grandparent, brother, sister or anyone else living in the house with the participant). The council will consider other deaths, which may affect the participant, on a case-by-case basis.

Any refund of monies for the event is then based on the money paid to the Council minus the deposit and any money sent to another agency or company for the event. The remaining money is refundable as long as the participant meets the above requirements. Any money that has been sent to another agency or company is considered issued and non-refundable.

Cancellation by the Council – If the Cornhusker Council or National Boy Scouts of America or any agency that has contracted with the Council cancels an event, the Council will issue a full 100% refund (including any Deposit Money).

Meet your Camp Administration

Camp Director

I am Samantha (Sammi) Lowery, Camp Cornhusker's Camp Director. I worked at Cornhusker the summers of 2008 through 2012 in various positions from C.O.P.E. Instructor to Webelos Camp Director. I am a science teacher at Lincoln Southeast High School where I teach biology, chemistry and forensic science. I am also a volunteer assistant softball coach at Lincoln East. I live in Lincoln, Nebraska with my husband, Stephen Lowery, our sons, Tommy and Charlie, and our puppy Murphy. I am excited for the opportunity to be back at Camp Cornhusker and look forward to working with all of you!

This summer will be another fantastic camping season. Please note that this packet contains all of the overall housekeeping details for summer 2023. The Leader's Guide contains scheduling and important camp information. All program details are to be found in the Program Guide.

Co- Camp Director- Shannon LeFave

I hope that this program guide helps you through the process of preparing and attending Camp Cornhusker. I am Shannon LeFave and will be serving you as Co-Camp Director this summer. I have served as a staff member for several years and before that came to camp as a troop leader, pack leader and/or parent since 2010. When I am not scouting I teach junior and senior high school science and coach. Currently I serve as a Scoutmaster for my local troop and am a member of the Order of the Arrow. As a youth and adult, I have participated in many scouting activities, camps, and two jamborees. I look forward to providing you a great scouting experience.

Welcome to Camp Cornhusker! My name is Thomas Bucks and this is my sixth year as Program Director at Camp Cornhusker! I am an Eagle Scout and a Brotherhood member of the Order of the Arrow.

I graduated from the University of South Carolina with a Bachelor's in Education and I currently teach history at Lake City High School in Lake City, South Carolina. Camp Cornhusker Emergency Procedures

In the event of an actual emergency, the following procedures will be enforced: The Camp Director is in charge of all Emergency Action. In the event the Camp Director is no available, his/her designee is in charge.

- 1. Lightning – PROCEDURE** – Outdoor activities will be postponed if thunderstorms are imminent. Do not take shelter in small sheds, campsite shelters, or under isolated trees. If caught outdoors, find a low spot away from trees, flag poles, telephone poles and power lines. Make sure the place you pick is not subject to flooding. If you are in the woods, take shelter under the shorter trees. If you feel your skin tingle or your hair stand on end: squat low to the ground on the balls of your feet, place your hands over your ears and your head between your knees, make yourself the smallest target possible and minimize your contact with the ground. DO NOT lie down. If you are boating or swimming, get to land and follow the guidelines above. The person in charge will give an all clear when the threat has passed. HOW FAR AWAY IS THE THUNDERSTORM? Count the number of seconds between a flash of lightning and the next clap of thunder. Divide this number by 5 to determine the distance of the lightning in miles.
- 2. TORNADO/WINDSTORM/SEVERE WEATHER - AUDIO SIGNAL** – Continuous blowing of the camp siren
PROCEDURE – Camp management will regularly inform Camp Leaders of Watches issued in the area. Method of this communication will vary based on the time of day. During exploration tour of camp, each unit will be instructed on the location of the Safe Room and access procedures, in addition to the designated Low Lying Area for their site Scout leaders are instructed to brief their scouts on how to prepare for this type of emergency upon arrival at camp. During Monday program sessions, scouts will be instructed by the counselors on where the designated location of the Safe Room is and accessing procedures. When there is an actual warning, the siren will sound a continuous blow. When this is heard all campers will move to the safe room. Camper and personnel entering from the main road and Indian campsites should enter via the North Doors, campers/personnel coming from the Aquatics and Outdoor Skills areas as well as Animal Campsites should enter from the South Doors. If it is impossible to move to the Safe Room persons should move to low areas away from trees. Lie flat in a nearby ditch or depression, cover your head with your hands and sleeping bag if possible. Be aware of flying debris. After all danger has passed, a Staff member will be dispatched to work with unit leaders to make sure everyone is accounted for. Do not leave your designated low area until you are notified by Staff.
- 3. FIRE - AUDIO SIGNAL** – Continuous ringing of the camp bell
PROCEDURE – When the bell is heard, all campers are to report to the flag pole located on the parade grounds on the west side of the Dining Hall. Scoutmasters will take a roll call. They will report to the person in charge. In the event the fire is confined to a campsite, follow the fireguard plan immediately and inform the camp staff. Good fire practices will eliminate this problem.
- 4. EXTREME HEAT – PROCEDURE** – In the event the temperature and/or humidity reaches an extreme level that may endanger health, all events will be discontinued until further notice. The person in charge will determine if the emergency exists. Campers will be expected to rest during this period. The pool will be open on a limited basis to cool off in. The all clear signal will come from the person in charge.
- 5. MAJOR HEALTH EMERGENCY – PROCEDURE** – All accidents and illness must be reported to the person in charge or the Health Officer immediately. In the event the victim cannot be moved, send someone to find help immediately and locate the person in charge or the Health Officer. ***The Camp Director is the only spokesman in this event.*** The person in charge or Health Officer decides if an accident or illness will require hospital treatment.

Camp Cornhusker Emergency Procedures (Continued)

6. **FLOOD, EARTHQUAKES & CHEMICAL SPILLS** – PROCEDURE – All campers will report to the Dining Hall area when the camp staff sounds the warning. Roll call will be taken. After everyone is accounted for the person in charge will direct procedures or evacuation to a safer area.
7. **MISSING PERSON** – PROCEDURE – All available camp staff and adult leadership will be assembled at the Camp Office. The person in charge will institute search procedures. After a reasonable length of time has passed and the missing person(s) still has not been found, the person in charge will notify the proper authorities.
8. **CHILD ABUSE** – PROCEDURE – Any child abuse or suspected child abuse must be reported immediately to the Scout Executive. Contact the Camp Director or person in charge for assistance in contacting the Scout Executive or their designee. The immediate health and safety of the individual(s) will be considered during any course of action taken. The National BSA policies for two deep unit/campsite leadership and Youth Protection guidelines will be followed.

SWIM CLASSIFICATION PROCEDURES

The swim classification of individuals participating in a Boy Scouts of America activity is a key element in both Safe Swim Defense and Safety Afloat. **The swim classification tests should be renewed annually, preferably at the beginning of each outdoor season.** Traditionally, the swim classification test has only been conducted at a long-term summer camp. However, there is no restriction that this be the only place the test can be conducted. It may be more useful to conduct the swim classification prior to a unit going to summer camp.

All persons participating in BSA aquatics are classified according to swimming ability. The classification tests and test procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water (e.g., the swimmer's test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth).

ADMINISTRATION OF SWIM CLASSIFICATION TEST (THE LOCAL COUNCIL CHOOSES ONE OF THESE OPTIONS):

OPTION A (at camp):

The swim classification test is completed the first day by camp aquatics personnel.

OPTION B (Council conducted/council controlled):

The council controls the swim classification process by predetermined dates, locations, and approved personnel to serve as test administrators. When the unit goes to summer camp, each individual will be issued a buddy tag under the direction of the camp aquatics director for use at the camp.

OPTION C (At unit level with council-approved aquatics resource people):

The swim classification test done at a unit level should be conducted by one of the following council-approved resource people: **Aquatics Instructor, BSA; Aquatics Cub Supervisor; BSA Lifeguard; BSA Swimming & Water Rescue; or other lifeguard, swimming instructor, etc.** When the unit goes to summer camp, each individual will be issued a buddy tag under the direction of the camp aquatics director for use at the camp.

TO THE TEST ADMINISTRATOR

The various components of each test evaluate the several skills essential to the minimum level of swimming ability. **Each step of the test is important and should be followed as listed below:**

SWIMMER'S TEST:

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: sidestroke, breaststroke, trudgen, or crawl; then swim 25 yards using an easy resting backstroke. The 100 yards must be swum continuously and include at least one sharp turn. After completing the swim, rest by floating.

BEGINNER'S TEST:

Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.
