# RESPONSIBLE RECREATION

## COVID-19

### KEEP YOUR DISTANCE

Practice proper social distancing with people outside your household.

### STAY HOME IF SICK

If you have a fever, respiratory symptoms or are just not feeling well, please stay home.

### WEAR A MASK

When entering an indoor space or interacting with others, wear a face covering.

### OBSERVE GUIDELINES

When visiting new locations, respect established capacity and safety guidelines.

## Model COVID-19 Pre-Event Medical Screening Checklist

Use this checklist to assist in identifying potential COVID-19 cases before event participation.

Review with each youth and adult participant their current health status, both before departure and upon arrival at the event. Anyone entering a camp or event – including visitors, vendors, etc. – must be screened.

Councils should customize with input from their council health supervisor and local health department.

- Yes  No Have you or has anyone in your household been in [close contact\\*](#) in the past 14 days with anyone known or suspected to have COVID-19 or is otherwise sick?
- Yes  No Have you or has anyone in your household been in [close contact\\*](#) with anyone who has been tested for COVID-19 and is waiting for results?
- Yes  No Have you or has anyone in your household been sick in the past 14 days, or have you or they been tested for any illness and are waiting for results?
- Yes  No Has anyone in your household been exposed to an individual known or suspected to have COVID-19 in the past 14 days?
- Yes  No Have you or has anyone have been in [close contact\\*](#) with traveled on a cruise ship or internationally or to an area with a known communicable disease outbreak in the past 14 days?

*\*According to the Centers for Disease Control and Prevention (CDC), "close contact" means:*

- You were within 6 feet of someone who has COVID-19 for a cumulative total of 15 minutes or more over a 24-hour period
- You had direct physical contact with an infected person (hugged or kissed them)
- You shared eating or drinking utensils
- An infected person sneezed, coughed, or otherwise got respiratory droplets on you

**If the answer is YES to any one of the five questions above, the participant must stay home.**

**If all answers above are NO, proceed to the symptoms list below.**

### Symptoms of COVID-19

*If anyone in your household has any one of the following new or worsening signs or symptoms of possible COVID-19, the entire household must stay home.*

- Shortness of breath
- Cough
- Fever of 100.0° or greater
- Flu-like symptoms
- Repeated shaking with chills
- Fatigue
- Muscle or body aches
- Headache
- Sore throat
- Loss of taste or smell
- Diarrhea
- Nausea or vomiting

### \*Potential Higher-Risk Individuals\*

- Yes  No Are you in a higher-risk category as defined by the [CDC guidelines](#), including older adults, people with medical conditions, and those with other individual circumstances?

*If the answer is "yes," we recommend that you stay home.*

*Should you choose to participate, you must have approval from your health care provider.*

680-057 • 12/20 Revision

## Restart Scouting Checklist

As always, the safety of our Scouts, volunteers, employees and communities is our top priority. This checklist outlines several minimum guiding protocols that adult leaders/ volunteers must consider while working with local and state health departments, local councils, chartered organizations and Scouting families on when and how to resume meetings, service projects, camping and all other official Scouting activities.

*If it is not practical to meet these minimal protocols, do not restart in-person activities.*

### S = Supervision

- Understand local and state guidance on preventing COVID-19 exposure.
- Engage your chartered organization and local council on necessary adjustments.
- Conduct the "before you gather" protocols.

### A = Assessment

- Identify participants who fall under the CDC's group of higher-risk individuals. Notify all participants about the risks of participating since COVID-19 exposure cannot be eliminated.
- Verify that the planned activity, gathering or group sizes are not prohibited by local or state orders.

### F = Fitness and Skill

- Review Annual Health and Medical Records and consider using a [pre-event screening](#) for all participants.

### E = Equipment and Environment

- Verify that handwashing, hygiene and cleaning supplies are available and used properly.
- Monitor social distancing, interactions and sharing of equipment and food among participants.
- Monitor participants for changing health conditions.
- Use the "as you gather" protocols.

## SAFE ≠ Risk-Free

As the response to the pandemic shifts to a state-focused, phased approach, the Boy Scouts of America advises local councils to consult with their local and state health departments, as well as local chartered partners, to implement appropriate protocols to help keep our members, volunteers and employees safe.

Precautions and mitigation strategies are important, but they cannot eliminate the potential for exposure to COVID-19 or any other illness when in-person activities resume.

People with COVID-19 may show no signs or symptoms of illness, but they can spread the virus. Some people may be contagious before their symptoms occur. The fact is that someone with COVID-19 may pass the required health screenings and be allowed into program activities.

The Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. If you are in this group, please ensure you have approval from your health care provider prior to resuming in-person Scouting activities.

**Every member, volunteer and family must evaluate their unique circumstances and make an informed decision before attending in-person activities.**

**We hope this information will be helpful as you make that choice.**

For updates, please monitor <http://www.scouting.org/coronavirus>

2021 SPRING POPCORN SALE

MARCH 5 - APRIL 16

- The gathering activity prior to the meeting allows early joiners to start having fun immediately.
- It also helps for a prompt start of the meeting.

# 10 ESSENTIALS your Council provides to YOUR UNIT

Just as Scouting teaches the "10 Essentials" that a Scout needs to take on a camping trip, here are "10 Essentials" the New Birth of Freedom Council provides to your Unit. Your support of the Friends of Scouting Campaign helps to make these possible.

**1.** Well Maintained Camping Properties

**2.** Fun & Exciting Summer Camp Programs

**3.** Organized Council-Wide Activities

**4.** Youth & Leader Recruitment Campaigns

**5.** Wide-Ranging Adult Leader Training

**6.** Full & Extensive Insurance Policies

**7.** Two Fully Functional Scout Service Centers

**8.** Comprehensive Volunteer Background Checks

**9.** A Dedicated Professional & Support Staff

**10.** Unit & Council-Wide Support & Communications

**SLIDE OF THE MONTH**

A wide-angle shot of a movie theater audience from the back of the room. The audience is seated in rows of red seats, looking towards a large screen at the front. The screen displays the words "COMING SOON" in a large, white, stylized font with a double outline. The background of the screen is a vibrant, abstract pattern of glowing blue and green lines radiating from a central point, interspersed with orange and red cylindrical shapes. The theater's walls are dark wood with gold-colored decorative panels on either side of the screen.
